

STATISTICAL REPORT ON LOK SABHA ELECTIONS 2024

MESSAGE FROM THE CHIEF ELECTORAL OFFICER, MANIPUR

The 18th Lok Sabha Elections, 2024, marked a defining moment in India's democratic history. With over 900 million voters, this was the largest election ever conducted in human history. The people of Manipur participated in this electoral process with great enthusiasm, reinforcing the State's tradition of high voter turnout and commitment to democracy.

Conducting elections in Manipur has always been a challenging task due to its unique geographical terrain, diverse demographic composition and prevailing law and order situation. However, the Election Commission of India, along with the dedicated election machinery in the state, ensured that the elections were conducted in a free, fair and peaceful manner.

Special emphasis was laid on accessibility, inclusivity and voter facilitation, ensuring that no eligible voter was left behind.

One of the most significant achievements of the 2024 elections was the facilitation of voting for Internally Displaced Persons (IDPs). Special Polling Stations were set up across relief camps in different districts, ensuring that those affected by displacement were able to exercise their democratic right. This was an unprecedented effort in our electoral process, reaffirming the Election Commission's commitment to leaving no voter behind.

Additionally, the state witnessed remarkable women's participation, with all-women polling stations set up across districts as a symbol of empowerment. Similarly, Persons with Disabilities (PwD) and senior citizens were provided special facilities, including home voting, ensuring that they could vote with dignity. The successful implementation of airlifting polled EVMs from remote and inaccessible areas further strengthened electoral integrity and logistical efficiency.

The 2024 elections were not just about numbers but about the spirit of democracy. I extend my deepest gratitude to all District Election Officers, Electoral Registration Officers, Booth Level Officers, polling personnel, security agencies, political parties, media houses, civil society organisations and most important, the voters of Manipur, for their unwavering commitment to the electoral process. Their collective effort made this election a true celebration of democracy.

This Statistical Report 2024 provides a comprehensive overview of the election process, key statistics and the various measures undertaken to ensure a smooth and transparent election. I hope this report will serve as a valuable resource for researchers, policymakers and all stakeholders interested in the electoral process of Manipur.

I wish the readers an insightful and informative experience.

Pradeep Kumar Jha
Chief Electoral Officer, Manipur

IT APPLICATION

15.1 Mobile Application

15.1.1 Election Seizure Management System (ESMS)

Introduced in General Election to House of Parliament 2024. ESMS Mobile App is used to digitize data for intercepted/Seized items (Cash/Liquor/Drugs/ Precious Metal/Freebies/Other Items) direct from field through Mobile App during Model Code Conduct.

15.1.2 cVIGIL Application:

cVIGIL is a mobile application developed by the Election Commission of India (ECI) to enable citizens to report violations of the Model Code of Conduct (MCC) during elections. To report a violation, users simply need to open the app, select the type of violation, and provide details of the incident, including location, time, and photographs or videos. The app also allows users to track the progress of their complaints.

The cVIGIL app has been praised for its simplicity, ease of use, authenticity, and user secrecy. It has also been credited with helping to increase the number of MCC violations reported during elections.

15.1.3 Voter Helpline App

In the fast-paced digital age we live in, mobile applications have become an integral part of our daily lives. These applications cater to a wide range of needs, from the election process. The voter helpline app has witnessed a significant response and popularity from the citizens. This application of the Election Commission of India has revolutionized the way we access and engage with voter-related services. From registration of new electors, correction of demographic details in the electoral roll, the search of names in the electoral roll, and other election-related services, these apps have streamlined the process of connecting ECI with citizens, making it more convenient and efficient for everyone.

With just a few taps on their smartphones, users can now submit the forms and gather various election-related information directly from the ECI portals. These applications offer a user-friendly interface that allows citizens to submit the forms with a few simple steps. The entire process, from login to registration, can be completed within minutes, eliminating the need for traditional form submission methods.

15.1.4 Voter Turnout App

This is one of the renowned applications of the Election Commission of India (ECI) which is an in-house developed mobile app to display the approximate voter turnout percentage for each state, district, and constituency. The app is available for download on both the Google Play Store and the Apple App Store. The Voter Turnout App uses real-time data from the ECI's Voter Turnout ENCORE Server to calculate the estimated voter turnout percentages. The app also allows users to filter the data by election type, state, district, and constituency. This application only activates during assembly, parliamentary and bye-election periods.

15.1.5 Saksham App

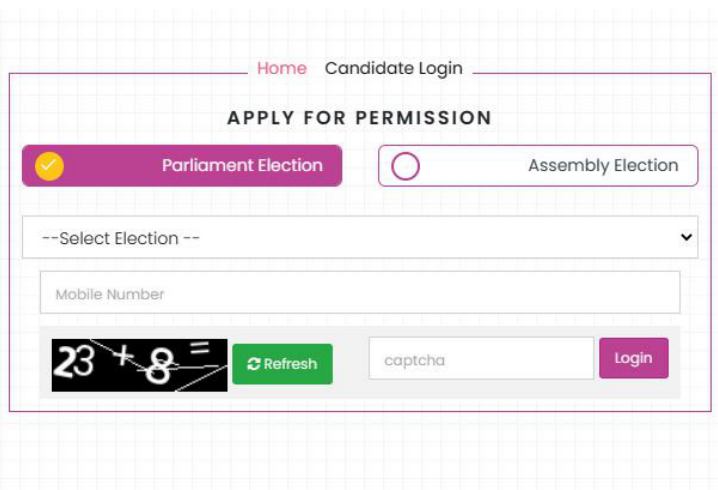

The Election Commission of India is working towards easing the voter identification and registration process for people with disabilities (PwDs) by offering them customized services. Under a new program, PwDs need to share their essential details with Election Commission via a specially designed app that they can easily download on their Android and iOS phones.

For requesting any electoral services, the first-time voters will have to disclose their name, address, and mobile number along with their State, District & Assembly Constituency while the registered voters will have to provide their EPIC number mentioned on the top of their voter id card. Once they do that, a booth-level officer will visit them at home to fulfill other formalities. After that, it's not long before Voter ID cards are dispatched to their address. Not only has this app also facilitated the PwDs to request for the wheelchair on the poll day.

15.2 Web Applications

15.2.1 Candidate Nomination

ENCORE Application is an integrated system that includes all the major activities related to the conduct of the election. Candidate Nomination is one of them, which provides provision to apply the nomination in two modes i.e., Online and Offline. This candidate nomination module of ENCORE acts as a single source of information for the citizen from where he can get the details of the candidate and the affidavit submitted during the nomination. Now, ECI has also provided the provision to upload the CA details of the candidate that can be viewed on the KYC app.

15.2.2 Candidate Scrutiny

Before the inception of the ENCORE system in the conduct of the election process The Election Commission earlier did not have any application for online scrutiny of the application. The updated information on the status of nomination was also not available in the public domain. Candidate Scrutiny is one of the modules of ENCORE that allows Returning Officers to do the scrutiny of the Nomination filed by the Candidate. Here, ROs need to mark the scrutiny status of each nomination as accepted or rejected. This helps the Returning Officer in symbol assignment and preparation of the final contesting candidates list.

While the Returning Officer is scrutinizing the candidate's application in the ENCORE application, the output of this application is displayed to the candidate via the Candidate app, and to citizens via the Affidavit portal, Voter Helpline app, KYC app and Saksham App. Thus both the candidate as well as citizens can view the status of the Nomination.

15.2.3 Election Permission:

To have a single window to process all the election permission the Election Commission of India launched an application called 'Suvidha Portal'. This application was prepared for the candidate and the political parties with limited functionalities. It is a web-based application that provides an option to fill out permission applications. The political parties or the candidate can easily create a profile by using their mobile number. Once the profile is created, they can submit the permission request

through online mode. If any political party submits the physical permission request to the concerned officers, then that will also digitize the offline received permission in the system.

All the digitized permission and online received permission request will be sent to the concerned officer and nodal officer of different departments for approval through the ENCORE system. The ECI has separately provided a Nodal App to the Nodal officers of the other departments whose consent is required before approval of any permission. The candidate/political parties can also track their application status through the Candidate App from Google Play Store. Once the permission request gets approved, the same permission copy can be downloaded from the application as well as Suvidha Portal.

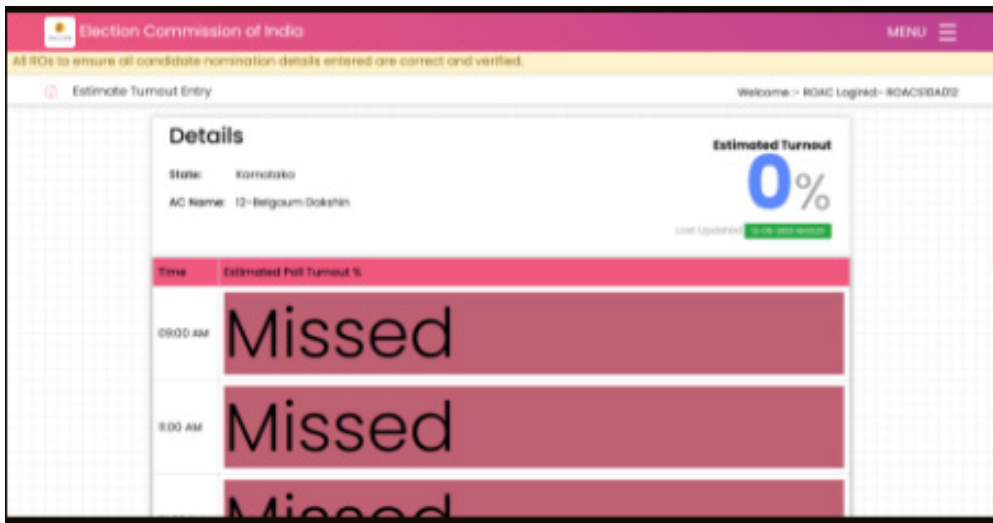

15.2.4 Candidate Affidavit Portal:

The screenshot shows the 'CANDIDATE AFFIDAVIT MANAGEMENT' portal. At the top, it displays the Election Commission of India logo and the text 'भारत निर्वाचन आयोग Election Commission of India'. Below this, there are navigation filters: 'General Election 2024', 'PC - GENERAL', 'Manipur', and 'Select Constituency', along with 'Filter' and 'Reset Filter' buttons. A summary dashboard shows five categories: 'All' (23), 'Accepted' (22), 'Rejected' (1), 'Withdrawn' (0), and 'Contesting' (10). Below the dashboard, there is a search bar and a 'List of Candidates' section. A candidate profile for 'ALFRED KANNIGAM S ARTHUR' is shown, including a photo, party name 'Indian National Congress', status 'Accepted', state 'Manipur', and constituency 'Outer Manipur'.

Candidate Affidavit portal is a part of ENCORE that allows citizens to view the complete list of Candidate Nominations who have applied for the elections. To help the citizen to know the candidates, a complete candidate profile with photo and affidavit is made public as and when the Returning Officer enters the data. The affidavit presented to the Returning Officer against his nomination, the same affidavit is uploaded in the system and can be viewed and downloaded by any citizen using the portal.

Earlier, the affidavit was uploaded separately and there was no link between the affidavit and the candidate profile. With the integration of the Affidavit portal in the ENCORE, the process has been simplified and the errors are reduced. This portal was launched on 10 March 2019. The citizen can view the affidavit of each candidate of every election from the day it was launched.

15.2.5 Voter Turnout

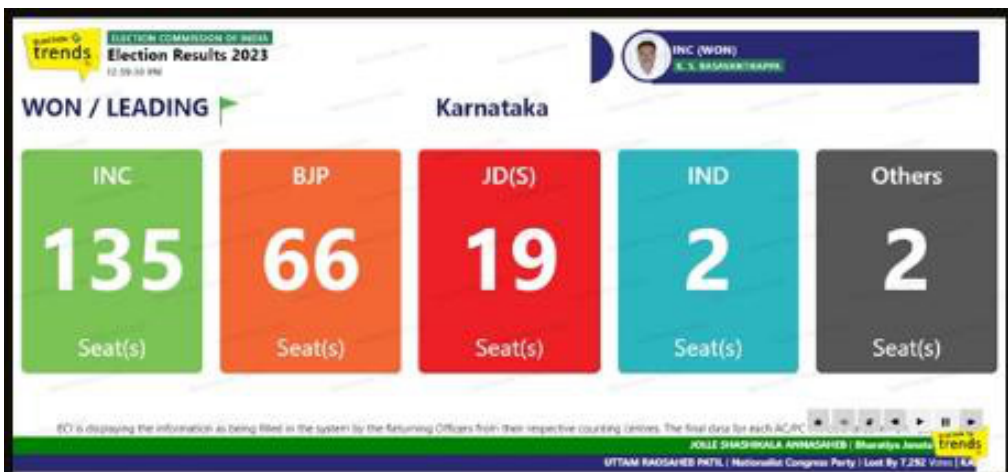

Voter turnout is a module of ENCORE that runs on the poll day that involves the data entry of a two hourly estimated poll percentage entry through ENCORE. This voter turnout data can be monitored by the citizens and media houses via Voter Turnout app which is available in android and iOS both. These percentages get aggregated in the system to find the district and state wise poll percentage.

This mechanism simplifies the data entry of two-hourly voter turnout and helps in the timely dissemination of the information on a real-time basis. To ensure timely entries for each Constituency, at CEO level we have provided the facility to monitor and identify the assembly that has missed the data entry.

15.2.6 Election Counting:

Election Counting is the most critical part of the ENCORE application. Counting of Votes and Result declaration (For all the Parliament Constituencies and Assembly Constituencies) is handled in the Counting Module by the ARO & ROPC in parliamentary elections and by RO in AC elections. This module gets activated in two phases. The first one is pre-counting which activates a day before counting and the second activates on the day of counting where data entry of EVM and Postal votes are done. Depending on the type of election, we have various features available in the counting module of ENCORE.

15.2.7 Results Trends TV:

On the day of counting of any election the citizens are only interested in the trends of the counting. The raw data in the form of tables always was a difficult job for the identification of the leading and trailing candidates. As traditionally the results were primarily displayed only through the website which requires a number of clicks to view the data with multiple filters.

To solve this purpose, the Election Commission of India has launched Election Trends TV to overcome the same issue, on which the graphically-rich micro-details of trends & results are published in real-time. As and when the counting data for each round is entered after officially it's been declared by the Returning Officers, the data is displayed on the Election Trends TV, without any manual intervention using advanced secured technologies. These panels can be customized and configured, for display automatically in public places using large TV Panels by Returning Officers & Chief Electoral Officers.

This new Arrangement made by the Election Commission of India for prompt and accurate dissemination of results has created a milestone in the way of displaying the Election Results in Public places on larger screens. This portal can be configured on a large LED display using the registered mobile number of election officials only. The media houses can now get the results in real time by viewing the results through the Results Trends TV.

15.2.8 Index Card & Statistical Reports

The Index card module is the overall report of the election where we take information from various modules of ENCORE like candidate nomination, Voter Turnout and Counting to prepare multiple election reports. The ENCORE allows the Returning Officer to fill the Index card online after counting that contains each and every detail of elections from the schedule of elections to the declaration of results. The Election Data Management Division of ECI takes care of index cards of each election and makes sure to verify the data that has been filled by the returning officers.

15.2.9 Expenditure Monitoring

Expenditure Monitoring

The Online application of expenditure provides for capturing of expense by candidate over public meetings, posters, banners, vehicle, and ceiling for candidate expenditure

The ECI's expenditure monitoring system is an important part of ensuring that elections in India are free and fair. By monitoring election expenditure, the ECI helps to prevent candidates and political parties from using their wealth to influence the outcome of elections.

During the conduct of elections, it is one of the major aspects to keep a record of the expenses of the candidate over the election. All the candidates have to keep a record of their expenses and once the election is over then all the candidate has to submit the expenses report to the DEO after 30 days from the date of declaration of result.

The expenditure monitoring system is also one of the modules of the ENCORE where the DEOs have to fill the DEO scrutiny report for all the candidates of his district. The candidate keeps the regular records during the campaign period to properly and correctly account every election expenditure incurred by the candidates and political parties during this period. The Online application of Expenditure provides for capturing of expenses by candidate over public meetings, posters, banners, vehicle, and ceiling for candidate expenditure. The candidate also keeps the record of the funds that he receives from the parties for his expenses. Once the election is over he needs to submit the complete details to the DEO for the ACs he has contested.

15.2.10 cVigil Portal

cVIGIL Portal

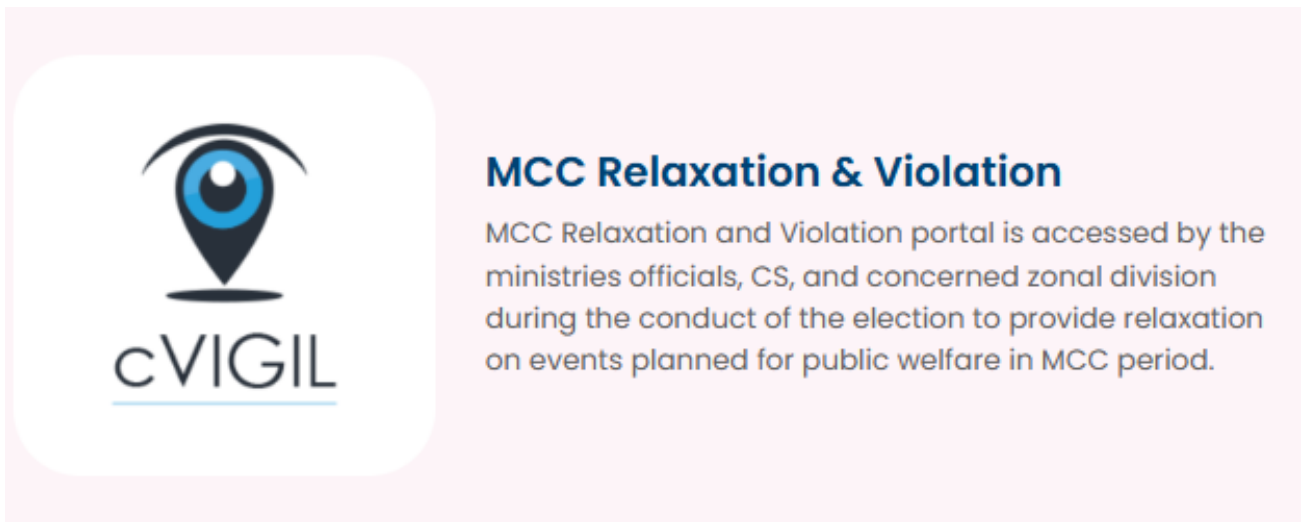

The cVIGIL Portal is used by the Returning officer, DEO, CEO, and ECI officials to view and respond to the complaint registered by the citizen using cVIGIL mobile app for MCC violation during an election period.

cVIGIL portal is a web based platform developed for the officials to respond over all the cases reported by the citizen. cVIGIL dashboard is accessible to ECI officials i.e., CEO, DEO and RO with various role based features. Such as, DCC which is deployed in the DEO office will address all the complaints and assign the nearest FST team to address the complaint. Similarly, RO can see the details of the complaint and the action taken by the FST team over the complaint. The RO can also take the final decision i.e., Drop, Dispose and Escalate after verifying complete details.

As cVIGIL empowers Citizens to report Model Code of Conduct Violations such as bribery, free gift, liquor distribution, and playing loudspeakers beyond the permissible time during the elections. By using a simple mobile app, the citizen captures a live photo or video. The Election machinery comes into action immediately as they get the evidentiary proof of the violation. Every cVIGIL case is acted upon and replied back with the action taken in the 100-minute timeline.

The cVIGIL portal ensures to alert all the concerned officials about the assigned time-line and ensures the complaint should not go to the overdue status. The robust monitoring of cases using the cVIGIL portal allowed the Chief Electoral Officers, Returning Officers and the Commission to investigate delays, incorrect decisions, and recurring instances of lethargy.

15.2.11 MCC Relaxation & Violation Portal

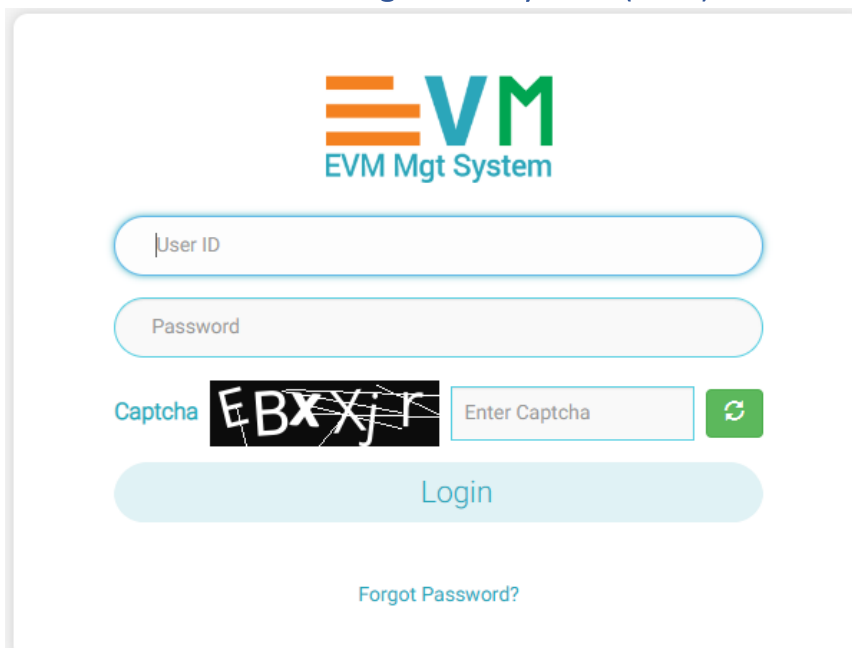

The usual process for seeking relaxation under Model Code of Conduct has been a manual process. The Ministries / Departments keep on requesting the status of their relaxation requests from the ECI. This creates a disturbance in the processing of the application. While ECI regularly issues notices to MCC violators, there has not been any central database for publications of all such cases.

One unified portal for Model Code of Conduct Relaxation Request and Violations publication. The Central Government Ministries / State Government Ministries/departments can directly lodge the Model Code of Conduct relaxation requests online and receive their clearance online.

Similarly, the Chief Electoral Officer using the MCC Violation Reporting Portal can digitize the cases of the violations and make it online for public viewing. The application was launched on 3rd April 2019 during Parliamentary Elections of 2019.

15.2.12 EVM Management System (EMS):

EVM Management System is designed to manage inventory of EVM units. One of the important modes to ensure a fair and transparent process in EVM management is the administrative protocol of the randomization of the machines before they are deployed in the

Polling stations. The randomization is done in the presence of Political Parties' representatives.

15.2.13 Electronically Transmitted Postal Ballot System (ETPBS)

Electronically Transmitted Postal Ballot Management System (ETPBMS)

ईसीआई वेब पोर्टल
ECI Web Portal

The ecosystem of ECI portal which provide better personalization, user friendly, Geographic Navigation System, ease of sending notifications and digitization of offline work.

With the motto of “no voter to be left behind”, ECI’s ETPBS has empowered and ensured all eligible service electors with their constitutional power to vote while performing their duty for the nation. This system ensures that the postal ballot should be transmitted to the service voter with complete documents (form 13A, 13B, 13C, and postal ballot) in a secured way.

The Electronically Transmitted Postal Ballot System (ETPBS) is developed by the Election Commission of India and implemented in line with the existing Postal Ballot System. Postal Ballot will be transmitted through Electronic means to the voters. It enables the voters to cast their vote on an electronically received postal ballot from their preferred location, which is outside their originally assigned voting constituency, and send back the marked postal ballot through the post. Here in ETPBS system this postal ballot is sent in two parts i.e., e-Postal Ballot and e-PB PIN. The e-Postal Ballot is sent to the Unit officer of the service officer which will be a password protected PDF. Similarly the e-PB PIN will be sent to the Record officer of the service voter. The Service voter has to collect e-PB and e-PB PIN from both officers, take print outs and follow the instructions to cast the vote. The e-PB needs to be sent on the provided address before the counting date by Post.

15.2.14 Voter's Services Portal

The Voters' Services Portal (VSP) is a web-based platform launched by the Election Commission of India (ECI) to provide a variety of services to voters. The VSP can be accessed through the ECI's website at <https://voters.eci.gov.in/>. The VSP is a convenient and secure way to manage voter registration details. It is also a valuable resource for voters who need to find their polling station or track the status of their applications.

15.2.15 National Grievance Services Portal:

National Grievance Redressal System

Register Complaint
You can also register the complaints using 'Voter Mitra' chatbot.

Track Status
Ask 'Voter Mitra' Chatbot to Track the status of your complaints.

Share Suggestion
Share your suggestions here.

Frequently Asked Questions

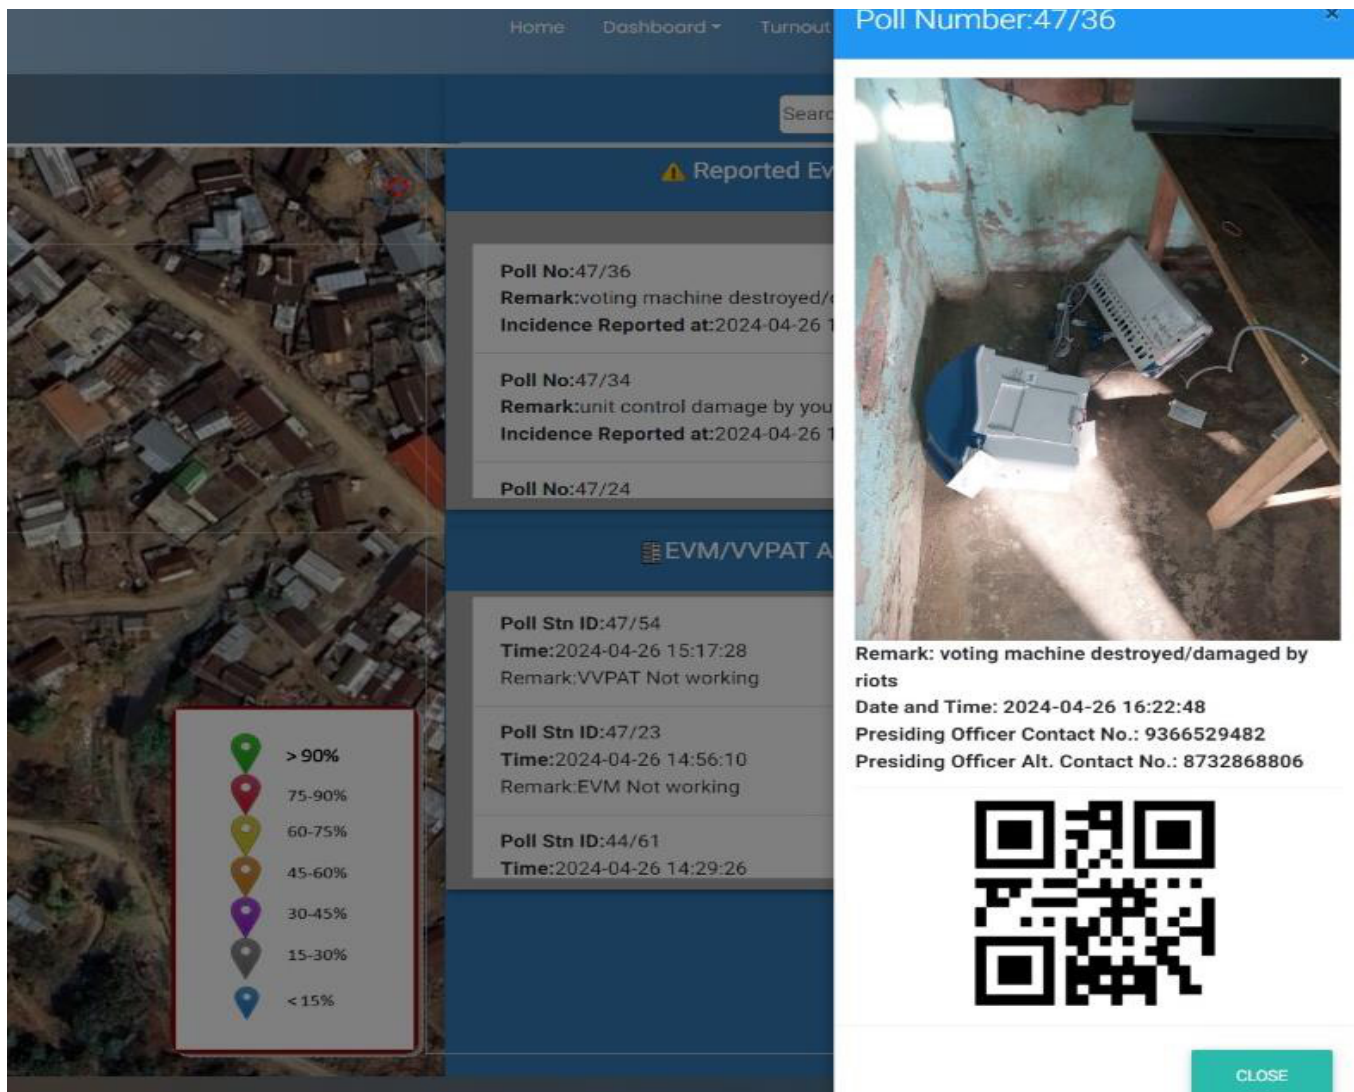

- I have turned 17. How do I register online/offline as a voter? ▼
- How do I apply for Voter Card/EPIC? ▼
- How do I check status of my application? ▼
- I have applied for EPIC / Voter Card but not received it yet. How do I can get it... ▼
- How do I download e-EPIC? ▼
- How do correct/change and details of my Voter Card/EPIC? ▼
- I have shifted to a new place. How do I update my Voter Card/EPIC? ▼
- How do I check whether my name is there in Electoral Roll? ▼

A comprehensive National Grievance Service Portal (NGSP) has been developed by the Election Commission. It functions as single window system and people can directly lodge IFSC (Information, Feedback, suggestion and Complaints) into this portal. IFSC can be captured via a different medium like Online mode (Portal, Contact Centre & email). Since all Electoral Officers, District Election Officers, CEO and ECI Officials are part of this system, grievances/

issues are directly assigned to the respective user upon registration. The portal can be accessed from the online link here: <https://eci-citizenservices.eci.nic.in>.

15.3 Chief Electoral Officers Developed Apps/Portal

15.3.1 eAtlas

The screenshot displays the eAtlas application interface. On the left, there is a map showing a residential area with a legend indicating percentage ranges: > 90% (green), 75-90% (red), 60-75% (yellow), 45-60% (orange), 30-45% (purple), 15-30% (grey), and < 15% (blue). The main area shows a list of reported incidents:

- Poll No:47/36**
Remark:voting machine destroyed/damaged by riots
Incidence Reported at:2024-04-26 16:22:48
- Poll No:47/34**
Remark:unit control damage by you
Incidence Reported at:2024-04-26 14:56:10
- Poll No:47/24**

Below the list, there are details for specific polling stations:

- Poll Stn ID:47/54**
Time:2024-04-26 15:17:28
Remark:VVPAT Not working
- Poll Stn ID:47/23**
Time:2024-04-26 14:56:10
Remark:EVM Not working
- Poll Stn ID:44/61**
Time:2024-04-26 14:29:26

On the right, a detailed view of a specific incident is shown, featuring a photograph of a destroyed voting machine. The details include:

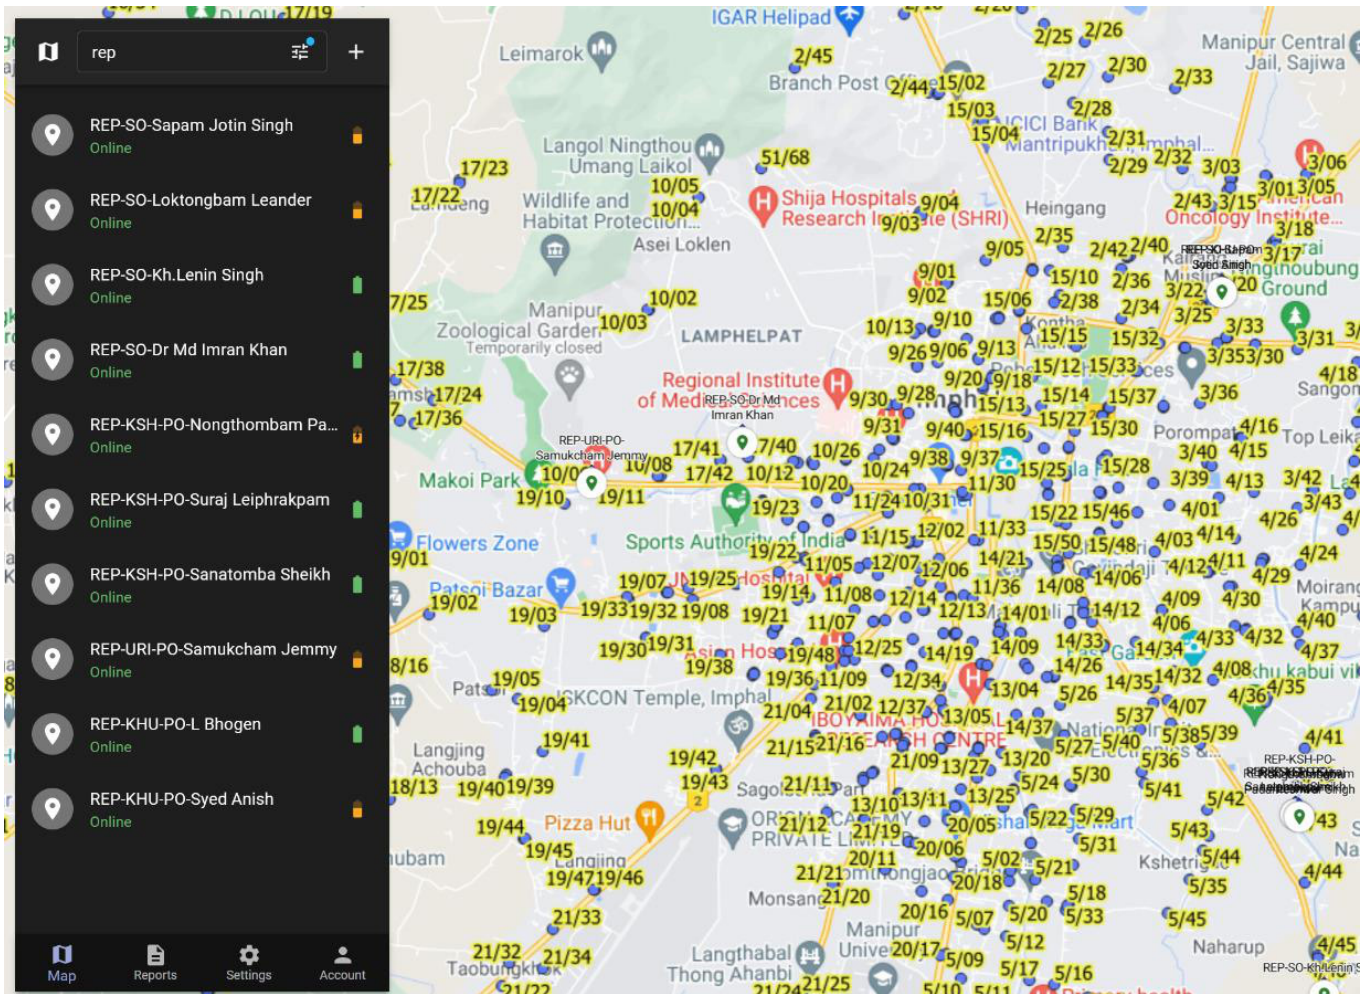

- Poll Number:47/36**
- Remark: voting machine destroyed/damaged by riots**
- Date and Time: 2024-04-26 16:22:48**
- Presiding Officer Contact No.: 9366529482**
- Presiding Officer Alt. Contact No.: 8732868806**

A QR code is displayed below the details, and a 'CLOSE' button is visible at the bottom right of the detailed view.

The office of the Chief Electoral Officer (CEO), Manipur successfully utilized the Election e-ATLAS - an eGovernance dashboard based application, for effective planning and monitoring of the 12th Manipur Legislative Assembly Election held on 28th February and 5th March to capture and instantly report incidents and provide alerts for EVM/VVPAT malfunction using eAtlas Mobile App.

- The system efficiently captured and monitored live incidents and activities occurring at all polling stations through a Command-and-Control Center established at the office of the Chief Electoral Officers.
- It provided real-time updates on issues related to EVM/VVPATs or any untoward incidents within the polling stations.
- QR Code for “Direct Call” to Presiding Officer is embedded in the alert itself. Officials in the control room may scan the QR code from the screen and a direct call to presiding officer will be initiated.

15.3.2 Traccar

- eAtlas e-Traccar plays a crucial role in monitoring the safe transit of election officials to designated polling stations, especially those carrying spare EVMs/VVPATs.
- GPS tracking solution based on open-source technology, enabling the tracking of election officers during the poll.
- Any issues with EVM/VVPATs at affected polling stations were swiftly addressed, with assistance from nearby Sector Officers located in the vicinity.
- Application also facilitate tracking of key election officials, including Presiding Officers and Sector Officers, ensuring their safe arrivals.

15.3.3 RSP (Randomization Software for Polling Personnel)

The Chief Electoral Officer, Manipur developed a web-based randomization software to cater to the local requirements as well as need for special cases related to difficult hilly terrain locations of the Polling Station where dispersal takes place on P-2 or P-3 days. The required age and physical fitness for these polling personnel were considered.

POSTAL BALLOT

16.1 Postal Ballot

Summary of Postal Ballot				
A. 1-Inner Manipur Parliamentary Constituency

Daily work/submission

The Media cell members read all local Daily News Papers and maintained daily collection of News Paper cuttings relevant to Election Process.

A strict and time bound report submission to ECI (Sharp at 10. am) on daily basis was possible by the dedicated and hard work of the media cell members.

Weekly reports are also sent every week starting from 3rd April with a final paid news report on 6th June, 2024.

Manipur to have two-phase LS polls on...

FROM PAGE-1

Meanwhile, Chief Electoral Officer Pradeep Kumar Jha, addressing a press conference in his office premises, here, on Saturday, outlined the assembly segments slated to cast their votes in each phase. Khundrakpam, Heingang, Kharal, Khetrigao, Thongju, Keirao, Andro, Lamai, Thangmeiband, Urjok, Sagolband, Keisamthong, Singjamei, Yaiskul, Wangkhei, Sekmai (SC), Lamsang, Konthoujam, Patsoi, Langthabal, Naoriya Pakhanglakpa, Wangol, Mayang Imphal, Nambol, Oinam, Bishenpur, Moirang, Thanga, Kumbi, Lilong, Thoubal, Wangkhem, Heirok, Wangjing Tentha, Khangabok, Wabgai, Kakching, Hiyanglam, Sugnoo, Chandel (ST), Salkul (ST), Kangpokpi, Saitu (ST), Henglep (ST), Churachandpur (ST), Saikot (ST), and Singhat (ST) assembly segments will cast votes in the first phase.

Meanwhile, Jiribam, Tengnoupal (ST), Phungyar (ST), Ukhrul (ST), Chingai (ST), Karong (ST), Mao (ST), Tadubi (ST), Tamel (ST), Tamenglong (ST) and Nungba (ST), Tipaimukh (ST) and Thanlon (ST) assembly segments will cast votes in the second phase.

He said that with the announcement of election schedule by the Election Commission of India, extensive preparations have been outlined to ensure smooth conduct of the Lok Sabha elections in Manipur. With the Model Code of Conduct now in effect across the state, all stakeholders including intending candidates, political parties, and government entities are directed to adhere strictly to its provisions until the completion

of the electoral process.

The electoral landscape is further fortified by the publication of the Final Photo Electoral Rolls for all 60 assembly constituencies on January 22, 2024. These rolls reveal a diverse electorate, comprising 9,80,855 male, 10,47,929 female, and 239 transgender electors. Additionally, provisions have been made to accommodate 14,152 Persons with Disabilities (PwD) and 22,491 electors aged 85 and above. A total of 2,955 polling stations equipped with M-3 Electronic Voting Machines (EVMs) manufactured by Electronics Corporation of India Ltd. (ECIL) are poised to facilitate the voting process, he said.

In terms of security and oversight, a robust framework has been established, featuring Flying Squad Teams, Static Surveillance Teams, Video Surveillance Teams, and other specialised units. These teams, complemented by Central and State Enforcement Agencies, would be tasked with ensuring the integrity of electoral process and preventing any malpractices.

To fortify election administration, comprehensive training programmes have been conducted for District Election Officers, Returning Officers, and Assistant Returning Officers. These programmes cover a range of topics including nomination procedures, model code of conduct, and poll-day arrangements, ensuring the efficient execution of electoral duties.

Pradeep Kumar Jha further said that special emphasis has been placed on voter awareness and accessibility, with targeted campaigns aimed at marginalised groups such as Persons

with Disabilities (PwD) and transgender electors. Various IT applications, including the Know Your Candidate (KYC) App and Suvidha App, have been deployed to streamline processes and enhance voter engagement.

Furthermore, provisions have been made to facilitate voting for Internally Displaced Persons (IDPs) residing in relief camps. A dedicated scheme would ensure that IDPs are treated as ordinary residents of their original place of residence, allowing them to vote through designated polling stations at relief camps.

A Special Polling Station will be set up for a cluster of polling stations. The voting will take place through EVMs only and counting of votes will also take place at the District Headquarters where the relief camps are located and the results will be transmitted to the concerned Returning Officer/ Assistant Returning Officer. The IDPs are required to submit ID Form to the designated AROs at least 10 days before the date of poll. Adequate number of forms shall be made available at the offices of DEOs, designated AROs and at the relief camps. A copy of the scheme is also made available on the websites of Chief Electoral Officer, Manipur and District Election Officers.

With these comprehensive measures in place, the stage is set for the Manipur Lok Sabha elections, promising a democratic exercise characterised by transparency, accessibility, and voter empowerment, he added.

District Election Officers of different districts of the state have also issued notification for their respective districts on Saturday.

Arm license holders asked to submit arms

CHRONICLE NEWS SERVICE
IMPHAL: District Magistrates (DMs) of Bishnupur and Thoubal have asked arm license holders to surrender their licensed arms in view of announcement of election schedule for the 18th General Elections to Lok Sabha, 2024.
 In an order issued on Saturday, DM Bishnupur Laurembam Likram prohibited possession and carrying of fire arms of any kind by arms license holders within the revenue jurisdiction of Bishnupur district with immediate effect and till the process of elections is completed.
 He also directed all the officers in-charge of the police stations functioning within the revenue jurisdiction of Bishnupur district to make detailed and individual assessment and review of all licence holders and instructed all arms license holders to deposit their weapons with the nearest police station immediately and in case, if the individual license holder fails to deposit his/her arms, the OC concerned should impound it.
 This order shall not be applicable to those, who are entitled to display weapons by long standing law, custom and usage, to those nationalised/private banks, where arms are necessary to safeguard cash chest and also to those sports persons who are registered with National Rifle Association. However, individual exemption order should have to be obtained immediately, it added.
 On the other hand, DM Thoubal A Subhash ordered that all arms licensees of Thoubal district should deposit their licensed arms to the nearest police stations concerned on or before March 23, failing which their licensed arms and ammunitions will be confiscated by the district police until further order.
 In an order issued on Saturday, DM Thoubal directed that issue of fresh arms licenses as well as process of application of arms license has been banned with the announcement of poll schedule for the Lok Sabha Election, 2024.
 Any individual who desires to appeal against this order may submit his/her written justification for retaining his/her licensed arms to his office on or before March 20 during office hours, it said.

IDPs to vote at special polling stations

IMPHAL, Mar 1: The Election Commission of India has notified a "Scheme for Internally Displaced Persons of Manipur to vote at Relief Camps" with respect to the Lok Sabha election 2024.

As per the scheme, internally displaced electors shall be provided with the facility to vote at 'special polling stations' to be set up in relief camps.

All displaced persons who had to leave their native places during the conflict shall continue to be borne on the electoral rolls of the assembly and parliamentary constituencies concerned in the State of Manipur.

To operationalise the scheme, an Additional Deputy Commissioner or an officer of equivalent rank or SDO (of the district in which internally displaced persons referred to as specified voters are staying) may be designated as Assistant Returning Officer for each district.

The maximum number of voters at each special polling station would be 1200. If at any polling station, the number of voters exceeds 1200, then more than one booth may be provided at the same special polling station location with equitable distribution of electors for convenience, according to

the scheme.

It said that special polling stations shall be notified for a cluster of relief camps with a specific special polling station earmarked for a group of relief camps.

The poll in the special polling stations shall be conducted by using separate EVMs for each parliamentary constituency (and separate EVMs for each assembly constituency in case of State Legislative Assembly election), and all rules and instructions applicable to the conduct of poll at the original polling stations will apply at these special polling stations also.

Special booth set up for lone IDP voter

By Our Staff Reporter

IMPHAL, Apr 26 : Showcasing that every vote counts and as a means at empowering democracy, a special polling station was set up for only one voter at Moreh Higher Secondary School.

It is said that the person who exercised his franchise

at the polling station set up exclusively for him today is Henvanlallien Kaihmang, an Internally Displaced Person from Langol (Inner Manipur Parliamentary Constituency).

The lone voter was given a simple gift by the polling officials after he cast his vote for (Contd P 9)
